

Employment Opportunity: Clinical Sciences

Alabama College of Osteopathic Medicine

Available Position: Assistant/Associate Professor of Osteopathic Principles & Practice

Location: Alabama College of Osteopathic Medicine, Dothan, AL

The Alabama College of Osteopathic Medicine (ACOM) is now recruiting for a full-time Assistant/Associate Professor of Osteopathic Principles & Practice. The position includes teaching Osteopathic Medical Students throughout our innovative, interdisciplinary four-year curriculum. Clinical faculty teach first- and second-year students in the classroom and in clinical OPP labs. Course leadership is expected. Clinical faculty may also oversee clinical clerkship OMT curriculum for the third- and fourth-year students. One day per week of clinical practice is expected as well.

Required Qualifications:

- D.O. degree
- Board certification in Neuromusculoskeletal Medicine
- Eligibility for licensure in Alabama

Preferred Qualifications:

- Minimum of five years' experience in clinical medicine, as well as residency/academic medicine teaching and leadership.

Review of applications will begin immediately. Applicants should submit an ACOM application for employment, a cover letter addressing qualifications for the position and curriculum vitae to:

Stephen Miller, DO, MPH, FACOFP, Associate Dean of Clinical Sciences
445 Health Sciences Blvd., Dothan, AL 36303
smiller@acomedu.org

Electronic submissions are encouraged.

ACOM does not discriminate on the basis of age, race, color, sex, gender, sexual orientation, religion or creed, national or ethnic origin, or disability in its programs, activities, hiring or the admission of students. This policy applies in recruitment and admission of students, employment of faculty and staff, and scholarship and loan programs. This policy is also followed in the operation of all other programs, activities and services of the College. ACOM is proud to be a tobacco-free and drug-free campus.

ACOM MISSION

The Alabama College of Osteopathic Medicine will provide quality, learner-centered osteopathic education, research, and service, while promoting graduate medical education, with emphasis on patient-centered, team-based primary care to serve the medically underserved areas of Alabama, the Tri-State area and the nation.
